Needs

- Higher teacher wages
- Adequate education requirements for students
- More time spent making sure students are understanding the material

Values

- Teachers who take their jobs seriously rather than just looking for a check

Criteria For Success:

When students get the education they need to succeed in life and when teachers are adequately paid for their work.

Wants

- Better learning environments for both teachers and students
- Teachers are evaluated on their effectiveness
- Stricter teacher hiring criteria

Fears

- A world where the education requirements for students get lower.
- A world where no one sees the problem with the current education system.
